Midterm dates: September 28, October 19, November 16.

**Assessment of learning outcomes:** There will be 3 midterm exams, each worth 10% of the final grade, a final comprehensive worth 30% of the final grade, every Thursday that does not have an exam will have a quiz of type A (over the homework) with these quizzes valued a total of 30% of the final grade, and each Tuesday will have a quiz of type B (over the material taught on that day in class), with these quizzes valued at 10% of the final grade. Homework will be assigned, but not collected. For quizzes of type A, the lowest two quiz grades will be dropped, for quizzes of type B, the lowest three quiz grades are dropped. No make up will be given for the quizzes. The midterm exams are given during class time. The final exam is scheduled according to the university policy depending on the class time, and will be given at a location to be communicated later.

**How to study?** First, you should read the classroom notes. Second, you should read the textbook, trying to solve by yourself the detailed examples from the book, then look at how they are solved there. Do the homework regularly. If you have any questions, past or present, ask them in class. Listen to teacher's explanation carefully. If this all fails, come and ask for help and advice during the office hours.

ADA accommodations (TTU Operating Policy 34.22). Any student who, because of a disability, may require special arrangements in order to meet the course requirements should contact the instructor as soon as possible to make any necessary arrangements. Students should present appropriate verification from Student Disability Services during the instructor's office hours. Please note: instructors are not allowed to provide classroom accommodations to a student until appropriate verification from Student Disability Services has been provided. For additional information, please contact Student Disability Services in West Hall or call 806-742-2405.

Absence for observance of a religious holy day (TTU Operating Policy 34.19).

A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. A student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. A student who is excused may not be penalized for the absence; however, the instructor may respond appropriately if the student fails to complete the assignment satisfactorily.

Academic Honesty (TTU Operating Policy 34.12). It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and high standard
